

**NOVEMBER 2005**  
**SPONSORSHIP OPPORTUNITIES**

Ontario's Conservation Summit is an unparalleled opportunity to showcase your environmental and conservation commitments, and to be seen as a leader in the movement to promote a conservator economy and society in Ontario.

The Conservation Council of Ontario invites Ontario's leaders in environmental programs to join with us in celebrating leadership in conservation and to help foster conservation partnerships and a stronger, better coordinated conservation movement in Ontario. Our goal is to make Ontario's conservation goals and targets a reality; along the way we will create a stronger public commitment to conservation and a demand for conservation products, services.

Ontario's Conservation Summit is an excellent opportunity to make new contacts with leaders in Ontario's conservation movement -- potential allies in common cause.

***Sponsorship Levels:***

In addition to our main provincial government sponsors, the Ontario Ministry of the Environment and the Ontario Ministry of Energy, we are offering opportunities for additional sponsors to participate in the summit:

- ***Senior Sponsors (\$5000)***
